

CAPABILITY STATEMENT

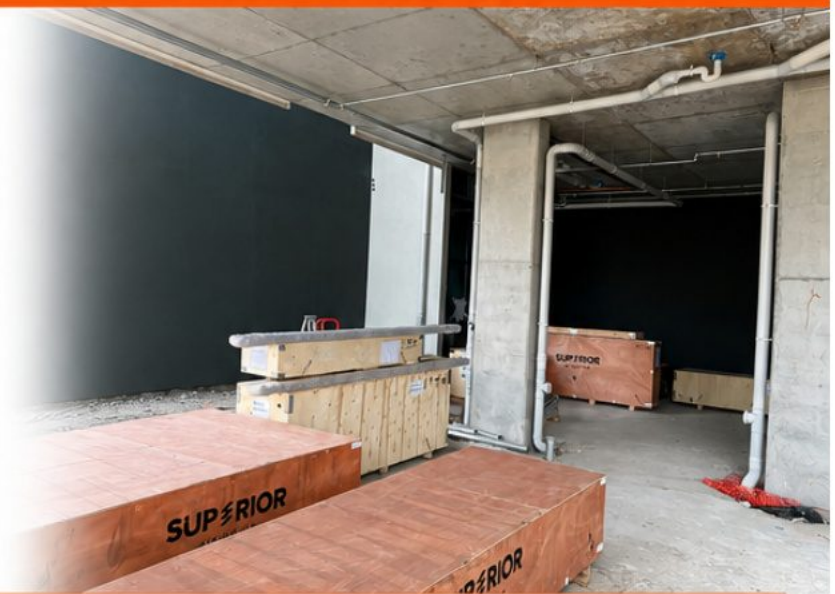

Elevating Australian Buildings Since 2015

Superior Elevators is an Australian-owned lift company specialising in the design, supply, installation and maintenance of premium residential, commercial and accessibility lift solutions.

Since 2015, we have partnered with builders, developers, architects, government agencies and private clients to deliver reliable vertical transport solutions throughout **Victoria, New South Wales and Queensland**.

Our projects range from luxury home lifts through to commercial passenger lifts, wheelchair lifts, platform lifts and freight solutions, supported by responsive after-sales service and preventative maintenance programs.

Every installation is engineered to Australian Standards, supported by full plant design notification documentation, and delivered with safety, quality and long-term reliability at the forefront.
